

BOY CHANGES CARDS

Sort these changes into:

- those that are always true
- those that are sometimes true

Use them to label the body outline.

Pubic hair grows around the genitals.	Facial hair grows.
The voice gradually gets deeper.	The Adam's apple sticks out a long way.
Underarm hair grows in the armpits.	The back becomes hairy.
The muscles get bigger.	Lots of spots form on the face.
The genitals grow bigger.	Puberty starts at age 9.
The voice becomes squeaky.	The body becomes very tall and broad.
The chest becomes very hairy.	Facial hair grows before the voice breaks.
There is an increase in body hair.	There are growth spurts.
